

# CUTTER, TOOLS & CLEANERS

**JM 108 DT (Rabbit):**

- 9" Cradle Type
- Smooth Rod

**JM 148 A-B (Bull Dog):**

- 9" Cradle Type
- Smooth Rod

**MS 168 C (Camel):**

- 600ml capacity
- Smooth Rod

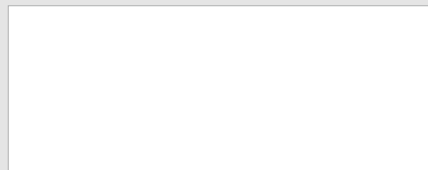

\*Terms & conditions apply

\*The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control. We recommend to carry out preliminary experiments with the specific product & substrate. Soudal India reserves the right to modify products without prior notice.

## ALL PURPOSE SEALANTS & ADHESIVE

### General Purpose Color : Construction Grade Sealant

- General Purpose Color is moisture evaporating construction grade sealant.
- Very good adhesion on porous surfaces, aluminum & wood
- Maximum gap filling capacity 6mm Movement capability  $\pm 15\%$
- Good UV resistance

**Available Color:** White, Black  
**Packaging :** 260ml

### Siliconized CS+ : New Generation Construction

- Siliconized CS+ is a high quality single component siliconized joint sealant.
- Joints with movements up to  $\pm 12.5\%$  Connection joints in the building industry
- Joints between windowsills, between brickwork etc.
- Not suitable for glass & mirrors

**Available Color:** White, Black  
**Packaging :** 450g

## NEUTRAL SEALANTS

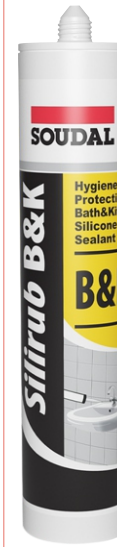

### Neutral+ : All Purpose Neutral Silicone Sealant

Neutral+ silicones sealant is cost effective, multipurpose, neutral cure silicone sealant.

- One-component sealant/ adhesive
- Cures at room temperature
- Excellent UV moisture resistance
- Good adhesion to most common construction substrate like concrete, metals, plastics

**Available Colour:** Transparent, White, Black  
**Packaging:** 270ml

### Silirub B&K : Hygiene Protection Bath & Kitchen Silicone Sealant

Silirub B&K is a high performance neutral cure silicone sealant with outstanding adhesive and sealing properties for all wet area critical applications (kitchens & bathrooms).

- Joints in sanitary applications and kitchens
- All glazing works
- Joints in container and cold store
- Air conditioning sealing

**Available Colour:** Transparent, Brilliant White,  
**Packaging:** 300ml

### Crack-Ko-Fill 170 : Paintable Acrylic Sealant for Gaps & Cracks

Crack-Ko-fill 170 is premium quality moisture curing high grade acrylic based paintable sealant.

- Non toxic, no sag
- Paintable
- Non flammable
- Best for interior & exterior purpose
- Maximum gap filling capacity 6-7 mm

**Available Color :** White  
**Packaging :** 500g & 1000g

### Superbond : High Performance Multi-Application Adhesive

Superbond is a solvented instant grab, high strength construction adhesive based upon synthetic rubbers.

- Adhesion on uneven surfaces possible
- Replaces nails and screws
- Good initial grab
- Doesn't attack polystyrene

**Available Color:** Beige  
**Packaging :** 390g

### Silirub 989 : New Generation Weather Sealant

Silirub 989 is a high performance, low odor, one-component joint and glazing sealants, based on neutral silicone. Silirub 989 has been developed for weather sealing of joints in the façade application.

- Weatherseal in curtain wall applications
- All usual building, connection, expansion and dilatation joints
- Excellent for double glazing system applications

**Available Colour:** White, Black, Grey  
**Packaging:** 405g | Sausage 810g

### Silirub WSL+ : Engineering Grade Weatherseal Silicone Sealant

Silirub WSL+ is a high-quality neutral cure, highly elastic one-component joint sealant based on silicones. It has been developed for weather sealing of expansion joints in the facade industry.

- Curtain wall applications
- Ideal for expansion, perimeter, connection & other movement joints
- Compatible with double glazed window units

**Available Colour:** Black, Grey, White  
**Packaging:** 300ml | Sausage 600ml

## ACRYLIC SEALANTS

### **Acryrub Pro:** Paintable Acrylic Sealant for Gaps & Cracks

Acryrub PRO+ is a high-quality, plasto-elastic one-component joint sealant based on acrylic dispersions.

- Joints with movements up to 15%
- Connection joints in the building industry
- Joints between windowsills, between skirting-board and floor, between brickwork, etc.

**Available Colour:** White  
**Packaging:** 450g

### **Alusil:** High Performance Sealant

Alusil is suitable for interior and exterior sealing applications of all kinds of door and window joints and connection joints for aluminium, uPVC & wood.

- For window & door professionals (aluminium, steel & wood)
- Ideal for Indian weather conditions
- UV resistance
- No smell & paintable

**Available Colour:** White, Grey, Black  
**Packaging:** 425g

### **Acryrub Exterior:** Siliconized Sealant for Perimeter Sealing

Acryrub exterior is a high quality plasto elastic one component joint sealant based on siliconized acrylic dispersion.

- Interior & exterior purpose
- Perimeter sealing
- Excellent movement capability
- Good UV resistance

**Available Colour:** White  
**Packaging:** Cartridge 425g & Sausage 425g

### **Windowseal:** High Performance Sealant for Doors and Windows

Windowseal is suitable for interior and exterior sealing applications of all kinds of door and window joints and connection joints for aluminium, uPVC & wood.

- Ideal for Indian weather conditions
- Good UV resistance
- Sealing between uPVC & glass
- Building and construction joints

**Available Colour:** White, Brown, Grey, Black, Golden oak  
**Packaging:** 270ml, 540ml

## POLYURETHANE FOAM (PU)

### **Gen 750:** Self Expanding PU Foam

GEN 750 is a one-component, self-expanding, ready to use polyurethane foam.

- Excellent stability
- Thermal & acoustic Insulation
- Internal & external use
- Good adhesion
- Filler foam

**Available Colour:** Champagne  
**Packaging:** 750ml

### **Soudafoam Pro:** High Performance Gun-Grade Expanding PU Foam

Soudafoam Pro with CFC-free propellant is a one component, self-expanding, ready to use polyurethane foam. It contains CFC-free propellants, which are completely harmless to the ozone layer.

- Installation of window & door frames
- Filling of cavities
- Sealing of all openings in roof constructions
- Creation of a soundproof screen

**Available Colour:** Champagne  
**Packaging:** 750ml

### **Soudafoam 1K:** High Performance One - Component Expanding PU Foam

Soudafoam 1K is a one-component, self expanding, ready to use polyurethane foam with CFC-free propellants, which are completely harmless to the ozone layer.

- Creation of a soundproof screen
- Application of soundproofing layers on motors
- Filling of cavities
- Installation of window and door frames

**Available Colour:** Champagne  
**Packaging:** 750 ml

### **Gun & Foam Cleaner:** Ready to use cleaning aerosol

Gun & Foam Cleaner is a ready to use cleaning aerosol can for use on Soudafoam Gun and Soudal foams.

- Cleaning of the gun
- Cleaning of the valves of the PU Foam Aerosol
- Removal of uncured foam

**Available Colour:** Transparent  
**Packaging:** 500ml

## ACETOXY SEALANTS

### GP: General Purpose Trade Grade Acetoxy Silicone Sealant

GP is a high-quality, elastic one-component joint sealant based on silicones.

- Building and construction joints
- Glazing and connection joints
- Elastic joints in coldstore & container applications
- Sealing in air conditioned systems

**Available Colour:** White, Black, Transparent  
**Packaging:** 260ml

### GP Plus: General Purpose Plus High Performance Acetoxy Silicone Sealant

General Purpose Plus is a high quality elastic one-component acetoxy silicone sealant.

It is most suitable for automotive applications, glass, aluminium, glass window frame joints, ceramics, vitreous surfaces, many plastics, paints, rubber, tiles, sanitary wires, fiber glass and most non-porous substrates.

**Available Colour:** White, Black, Transparent  
**Packaging:** 280ml | Sausage 280ml

## HYBRID SEALANTS

### Fix ALL High Tack: Super Strong

Fix ALL High Tack is a high quality, neutral, elastic, one-component adhesive sealant based on SMX-Polymer with a very high initial tack.

- Very good mechanical characteristics
- Suitable for uneven surfaces
- Can be applied on wet surfaces

**Available Colour:** White, Black, Grey, Beige, Brown, Alu Grey  
**Packaging:** 290ml

### Fix ALL Crystal: Super Clear

Fix ALL Crystal is a high quality, crystal clear, neutral, elastic, one-component adhesive based on SMX-Polymer.

- Perfect for 100% transparent bonding and sealing
- All materials, surfaces & circumstances
- High elasticity and can be painted
- Suitable for uneven surfaces

**Available Colour:** Crystal Clear  
**Packaging:** 290ml

## SILICONE & FOAM REMOVER

### Silicone Remover:

Cleaning agent for removal of cured silicones and MS Polymers removal of all types of cured silicone & MS Polymer based sealants from all sorts of substrates.

### Cured PU Foam Remover:

For quick & easy removal of cured PU foam residues from non-porous surfaces such as plastics, metals and PVCu.

## SEALANT & ADHESIVE REMOVER

### Sealant Remover:

A ready-to-use and fast working spray based on terpenes for removing hardened silicones and MS Polymers. Can be applied on most surfaces, including aluminium, coatings, ceramics, laminated board, paint and certain plastics.

### Adhesive Remover:

Transparent solvent mixture suitable for removing fresh glue stains and for the cleaning & degreasing of metal surfaces.

- Removes fresh glue stains
- Cleans and degreases
- Does not leave residue
